

Eye Casualties

An information guide

Eye Casualties

Today you have been seen in the department as an eye casualty.

Should you need a further appointment, you will be given one before you leave the department.

If you experience any discomfort painkillers, such as paracetamol, may be taken, but do not exceed the recommended dose.

If you have any problems up to 4 weeks after your visit to the eye department, please contact us. A nurse will speak to you about your condition and, if necessary, arrange an appointment time for you.

Should you have any problems after this 4 week period, please see your own GP, optician or go to the nearest A&E department. Once your problem has been assessed, you will be advised if you need to attend the eye clinic.

For enquiries regarding clinic appointments, clinical care and treatment please contact 0161 624 0420 and the Switchboard Operator will put you through to the correct department / service

The Northern Care Alliance NHS Group (NCA) is one of the largest NHS organisations in the country, employing 17,000 staff and providing a range of hospital and community healthcare services to around 1 million people across Salford, Oldham, Bury, Rochdale and surrounding areas. Our Care Organisations are responsible for providing our services, delivering safe, high quality and reliable care to the local communities they serve.

The NCA brings together Salford Royal NHS Foundation Trust and the hospitals and community services of The Royal Oldham Hospital, Fairfield General Hospital in Bury, and Rochdale Infirmary (currently part of The Pennine Acute Hospitals NHS Trust).
